

Please note that if you are traveling from the United States, upon re-entry to the United States questions 11 and 12 on the CPB Declaration Form 6059B ask you to declare if you have visited a farm or had contact with livestock. As a precaution before re-entry, clean your shoes and clothing to demonstrate that you have reduced the risk of unknowingly transferring soil and other contaminants. Washing machines are available in the East Residence Townhall.

[You can preview the CPB Declaration Form by clicking here.](#)
